## India Basin Shoreline Community Vision

*Presented by India Basin Neighborhood Association*

India Basin is the waterfront neighborhood that spans from Heron's Head Park to the Hunter's Point Shipyard, and from the hilltop to the shore. This shoreline remains largely undeveloped, and the neighborhood underserved.

Please join NPC and the India Basin Neighborhood Association for a spectacular Community Vision presentation that promotes: Comprehensive Planning, Economic Success, Environmental Protections, Transportation Improvements, and Recreational Opportunities.

Thoughtful planning for the India Basin Shoreline can revitalize the neighborhood by creating a unique waterfront village for all of San Francisco to enjoy.
